### Labor Certification Posting Notice - #1

<table>
<thead>
<tr>
<th><strong>Position Title:</strong></th>
<th>Assistant Professor (School of Education), Part 1 of 2</th>
</tr>
</thead>
</table>

**Position Description:**

Tenure-line faculty position in Social and Cultural Studies of Education. Collaborate with current faculty in the leadership of undergraduate social foundations and social justice education coursework in ISU's elementary and secondary education teacher preparation programs. Engage in scholarly research, serve on master's and doctoral committees, and teach courses in one's area of specialization in SOE graduate programs, including in Social and Cultural Studies of Education and in the SOE's graduate certification in Education for Social Justice. Open to area of research specialization and methodological approach with particular interest in scholars who have a line of inquiry focused on one or more of the following: a) multicultural, culturally sustaining, critical and/or social justice approaches in teacher preparation; b) political philosophy or political theory with an emphasis on educational justice; c) anthropology of education with a focus on marginalized communities, e.g. along lines of race and ethnicity, gender and sexuality, and social class; d) history of public schooling in the United States with a focus on the history of marginalized communities; e) sociology of education with a focus on marginalized communities.

<th><strong>Position Title:</strong></th>
<th>Assistant Professor (School of Education), Part 2 of 2</th>
</tr>
</thead>
</table>

**Position Description:**

Required Qualifications: Earned doctorate in Social and Cultural Studies of Education or related field by the start date (August 16, 2019). Evidence of potential to develop an active research agenda, establish a strong publication record, and secure external funding commensurate with the rank of Assistant Professor (tenure-track) at Iowa State University. Evidence of a commitment in research and professional practice to equity in education. Preferred Qualifications: Professional experiences in P-12 educational settings. Experience working in/with educator preparation. Evidence of successful teaching at the post-secondary level. Evidence of the potential for a sustained scholarly focus on equity in education. Employer will accept any suitable combination of education, training or experience. The Chronicle of Higher Education, April 26, 2019

**Position Title:** Assistant Professor (Department of Physics and Astronomy)

**Position Description:**
Tenure-track assistant professor position in astrophysics, condensed matter, or nuclear theory. Active research program, teach physics/astronomy courses at both the undergraduate and graduate level, participate in the academic life of the Department of Physics and Astronomy. Envision fruitful connections and collaborations with theoretical efforts in other fields. Balanced theoretical effort that focuses on the frontiers shared by multiple sub-disciplines with a goal to enhance the research efforts individually within the astrophysics, condensed matter and nuclear theory groups, while fostering synergies and promoting collaborations between different research areas. The synergies envisioned could include shared challenges in analytical, computational or big data methods, and broad-based physical simulation techniques. It could also include shared theoretical frameworks such as, but not limited to, fundamental symmetries, phase transitions, topology, hydrodynamic theory, strongly interacting systems, nucleosynthesis, entanglement, or emergent phenomena. Required Qualifications: Ph.D. in Physics, Astronomy or a related field. Ph.D. must be conferred by the start date of the appointment. Preferred Qualifications: Experience in a postdoctoral position. Potential for excellence in research that includes synergies with related fields. Demonstrated enthusiasm for teaching undergraduate and graduate students. Employer will accept any suitable combination of education, training or experience. Physics Today, November 2018
